

Your Wish Is Our Command...

The musical quartet Cirkus Markus's main goal is for you to wish for whatever pleases you and have us fulfill that wish. We customize the entertainment based on each individual customer's requests. As a result, we are frequently engaged by companies, restaurants, wedding planners and people looking for a unique experience at their events and parties.

This is how an evening with Cirkus Markus may look:

We start with a cocktail jazz, to welcome arriving guests and set the party mood. After that we perform the dance music, which has been customized by you. On our repertoire you will find everything from Frank Sinatra classics to folk music; the latest hits to headbanging hard rock; Bruce Springsteen to Robbie Williams, and much more! When we don't play on stage, and the guests are dancing up a sweat, we entertain with a Capella singing, quiz games, emceeing or other pleasant surprises. It is all dependent on how you want to structure your party. "Your wish is our command!".

Do not hesitate to make requests, or to ask us to brainstorm ideas with you, in order to attain the party of your dreams, and plans. It is when you and your guests are happy that we, Cirkus Markus, feel that we also are fully satisfied and have done a good job.

Cirkus Markus consists of four handsome gentlemen from different parts of Sweden. Each of us has a genuine education in music as well as other areas. We have performed in different countries in Europe, such as Norway and France, and we have always been met with great appreciation and asked to come back. We are always looking for new challenges and to educate ourselves.

In a nutshell, we love music, we love what we do, and we love doing it as Cirkus Markus.

With the Best Regards
